

# CURSO ENGLISH DEXWAY ACADEMY - LEVEL B2 - COURSE 1 30 Horas

## OBJETIVOS

The course content remains functional and focused entirely on improving learner independence in all areas, especially in real-life situations such as work and leisure, house and home, films and habitual actions etc. In this course the learner will continue to notice an increased confidence when faced with basic functions and will be able to read an English or American newspaper with little difficulty, follow conversations in English with native speakers and participate in more complex exchanges. In terms of grammatical structures there will be continued revision and extension of the structures covered with emphasis on parts of the language such as phrasal verbs, idiomatic expressions and the differences between British and American vocabulary. The use of a variety of exercises encompasses different learner styles as well as guaranteeing thorough coverage of the topics covered.
